7.0 CONTRACT PRICES AND FEES

7.1 License Fees

Contractor shall provide to County Licensed Products, including Software and Data, at the prices listed in Exhibit C (Volume Purchase Agreement and Pricing Schedule). - Each year thereafter, beginning in 2019, County agrees to purchase a minimum of \$175,000 in hardware, and Contractor agrees to extend the data subscription for one more one year. County has one "pass" if they have a shortfall, and Contractor shall extend the subscription

for a year (assuming no competitive purchases were made during the shortfall year). County will have to spend at least \$175,000 this next year or Contractor will turn the subscription off.

"For purposes of this Paragraph 7.3, "County" shall refer to the County of Los Angeles Sheriff's Department including any and all of the Sheriff's Divisions, Bureaus and Commands with an assigned @lasd.org email address. No County contracted law enforcement entities (contract cities and contract service entities) will have access to the commercial data but will receive the same pricing as the Los Angeles Sheriff's Department per Exhibit C and their purchases will attribute to County's spending thresholds. Multi-jurisdictional entities – such as the LA JRIC and LA CLEAR – are not covered by this Agreement. The County will neither assign user-ids nor allow access to commercial data to non-County employees. Cumulative totals in spending over the "met threshold" automatically roll-over to the next year's totals. Hence, if County or its entities purchase \$500,000 of equipment and only the initial \$400,000 is required over the first (2) years, the excess \$100,000 will be attributed to the following year's goals."

8.0 ACCEPTANCE

County will evaluate all Licensed Products, including Software and Data, provided by Contractor to County under this Agreement, including Additional Products and Replacement Products, in accordance with the requirements set forth in the Specifications (cumulatively "Acceptance Criteria"). Contractor represents and warrants that the Subscription Services shall be provided in accordance with the Related Documentation, in conformance with the applicable Specifications and without Deficiencies for a period of ninety (90) days following provision of such Services, including provision of any Updates (hereinafter "Warranty Period"). If, during the Warranty Period, County finds that Subscription Services have Deficiencies, County shall notify Contractor in writing. County's remedy for the Deficiency shall be, at County's option, for Contractor to (i) at no cost to County, re-perform the defective Subscription Services, including repair or replacement of the Licensed Product which does not comply with this limited warranty, as soon as possible and no later than 30 after receipt of written notification or (ii) refund all fees paid by County for such defective Subscription Services, including all Licensed Product-related fees paid by County for the product causing the Deficiency in the Subscription Services, including but not limited to License, Hosting, Installation (if any) and Maintenance and Support. - 9.2.4 All Subscription Services provided by Contractor to County under the Agreement shall comply with the CGIs standard and other interface and security requirements, including Exhibit J (Information Security Requirements).

While County reserves the right to determine independently that the anti-discrimination provisions of this Agreement have been violated, in addition, a determination by the California Fair Employment Practices Commission or the Federal Equal Employment Opportunity Commission that Contractor has violated State or Federal anti-discrimination laws or regulations shall constitute a finding by County that Contractor has violated the anti-discrimination provisions of this Agreement.

Contractor understands that it is County's policy to encourage all County contractors to voluntarily post County's "Safely Surrendered Baby Law" poster in a prominent position at Contractor's place of business. Contractor will also encourage its subcontractors, if any, to post this poster in a prominent position in the subcontractor's place of business. County's Department of Children and Family Services will supply Contractor with the poster to be used.

75.0 RECYCLED PAPER

Consistent with the County's Board of Supervisors' policy to reduce the amount of solid waste deposited at the County landfills, Contractor agrees to use recycled-content paper to the maximum extent possible in this Project.

76.0 COMPLIANCE WITH THE COUNTY'S JURY SERVICE PROGRAM

76.1 Jury Service Program

This Agreement is subject to the provisions of the County's ordinance entitled Contractor Employee Jury Service ("Jury Service Program") as codified in Sections 2.203.020 through 2.203.090 of the Los Angeles County Code, a copy of which is attached as Exhibit H and incorporated herein.

76.2 Written Employee Jury Service Policy

- 76.2.1 Unless Contractor has demonstrated to the County's satisfaction either that Contractor is not a "Contractor" as defined under the Jury Service Program (Section 2.203.020 of the County Code) or that Contractor qualifies for an exception to the Jury Service Program (Section 2.203.070 of the County Code), Contractor shall have and adhere to a written policy that provides that its Employees shall receive from the Contractor, on an annual basis no less than five days of regular pay for actual jury service. The policy may provide that Employees deposit any fees received for such jury service with the Contractor or that the Contractor deduct from the Employee's regular pay the fees received for jury service.
- 76.2.2 For purposes of this Section, "Contractor" means a person, partnership, corporation or other entity which has a contract with the County or a subcontract with a County contractor and has received or will receive an aggregate sum of \$50,000 or more in any 12 month period under one or more County contracts or subcontract. "Employee" means any California resident who is a full time employee of Contractor. "Full time" means 40 hours or more worked per week, or a lesser number of hours if the lesser number is a recognized industry standard and is approved as such by the County. If Contractor uses any subcontractor to perform services for the County under the Contract, the subcontractor shall also be subject to the provisions of this Section. The provisions of this Section shall be inserted into any such subcontract agreement and a copy of the Jury Service Program shall be attached to the agreement.
- 76.2.3 If Contractor is not required to comply with the Jury Service Program when the Contract commences, Contractor shall have a continuing obligation to review the applicability of its "exception status" from the Jury Service Program, and Contractor shall immediately notify County if Contractor at any time either comes within the Jury Service Program's definition of "Contractor" or if Contractor no longer qualifies for an exception to the Program. In either event, Contractor shall immediately implement a written policy consistent with the Jury Service Program's definition of "Contractor" and/or Contractor continues to qualify for an exception to the Program.
- 76.2.4 Contractor's violation of this Section of the contract may constitute a material breach of the Contract. In the event of such material breach, County may, in its sole discretion, terminate the Contract and/or bar Contractor from the award of future County contracts for a period of time consistent with the seriousness of the breach.

77.0 CONTRACTOR'S WARRANTY OF ADHERENCE TO COUNTY'S CHILD SUPPORT COMPLIANCE PROGRAM

- 77.1 The Contractor acknowledges that the County has established a goal of ensuring that all individuals who benefit financially from the County through Contract are in compliance with their court ordered child, family and spousal support obligations in order to mitigate the economic burden otherwise imposed upon the County and its taxpayers.
- 77.2 As required by the County's Child Support Compliance Program (County Code Chapter 2.200) and without limiting the Contractor's duty under this Contract to comply with all applicable provisions of law, the Contractor shall comply with employment and wage reporting requirements as required by the Federal Social Security Act (42 USC Section 653a) and California Unemployment Insurance Code Section 1073.5 relating to employment reporting for its employees, and shall fully comply with all lawfully served Wage and Earnings Withholding

Orders or Child Support Services Department Notices of Wage and Earnings Assignment for Child Family or Spousal Support, pursuant to Code of Civil Procedure Section 706.031 and Family Code Section 5246(b).

- 77.3 Failure to comply with such state and federal reporting requirements, or failure to fully implement such lawfully served Orders or Notices, constitutes a default under the contract, and failure to cure the default within 90 days of notice by the County shall subject the contract to termination. Furthermore Contractor's failure to comply with these requirements may be cause for debarment.

78.0 WARRANTY OF COMPLIANCE WITH COUNTY'S DEFAULTED PROPERTY TAX REDUCTION PROGRAM

Contractor acknowledges that County has established a goal of ensuring that all individuals and businesses that benefit financially from County through contract are current in paying their property tax obligations (secured and unsecured roll) in order to mitigate the economic burden otherwise imposed upon County and its taxpayers.

Unless Contractor qualifies for an exemption or exclusion, Contractor warrants and certifies that to the best of its knowledge it is now in compliance, and during the term of this contract will maintain compliance, with Los Angeles County Code Chapter 2.206.

79.0 TERMINATION FOR BREACH OF WARRANTY TO MAINTAIN COMPLIANCE WITH COUNTY'S DEFAULTED PROPERTY TAX REDUCTION PROGRAM

Failure of Contractor to maintain compliance with the requirements set forth in Paragraph 8.51 "Warranty of Compliance with County's Defaulted Property Tax Reduction Program" shall constitute default under this contract. Without limiting the rights and remedies available to County under any other provision of this contract, failure of Contractor to cure such default within 10 days of notice shall be grounds upon which County may terminate this contract and/or pursue debarment of Contractor, pursuant to County Code Chapter 2.206.

80.0 GOVERNING LAW, JURISDICTION, AND VENUE

This Contract shall be governed by, and construed in accordance with, the laws of the State of California. The Contractor agrees and consents to the exclusive jurisdiction of the courts of the State of California for all purposes regarding this Contract and further agrees and consents that venue of any action brought hereunder shall be exclusively in the County of Los Angeles.

81.0 VALIDITY

If any provision of this Contract or the application thereof to any person or circumstance is held invalid, the remainder of this Contract and the application of such provision to other persons or circumstances shall not be affected thereby.

82.0 TIME OFF FOR VOTING

The Contract shall notify its employees, and shall require each subcontractor to notify and provide to its employees, information regarding the time off for voting law (Elections Code Section 14000). Not less than 10 days before every statewide election, every Contract and subcontractors shall keep posted conspicuously at the place of work, if practicable, or elsewhere

where it can be seen as employees come or go to their place of work, a notice setting forth the provisions of Section 14000.

Title 2 ADMINISTRATION
Chapter 2.203.010 through 2.203.090
CONTRACTOR EMPLOYEE JURY SERVICE

2.203.010 Findings.

The board of supervisors makes the following findings. The county of Los Angeles allows its permanent, full-time employees unlimited jury service at their regular pay. Unfortunately, many businesses do not offer or are reducing or even eliminating compensation to employees who serve on juries. This creates a potential financial hardship for employees who do not receive their pay when called to jury service, and those employees often seek to be excused from having to serve. Although changes in the court rules make it more difficult to excuse a potential juror on grounds of financial hardship, potential jurors continue to be excused on this basis, especially from longer trials. This reduces the number of potential jurors and increases the burden on those employers, such as the county of Los Angeles, who pay their permanent, full-time employees while on juror duty. For these reasons, the county of Los Angeles has determined that it is appropriate to require that the businesses with which the county contracts possess reasonable jury service policies. (Ord. 2002-0015 § 1 (part), 2002)

Safely Surrendered Baby Law

What is the Safely Surrendered Baby Law?

California's Safely Surrendered Baby Law allows parents or other persons, with lawful custody, which means anyone to whom the parent has given permission to confidentially surrender a baby. As long as the baby is three days (72 hours) of age or younger and has not been abused or neglected, the baby may be surrendered without fear of arrest or prosecution.

How does it work?

A distressed parent who is unable or unwilling to care for a baby can legally, confidentially, and safely surrender a baby within three days (72 hours) of birth. The baby must be handed to an employee at a hospital or fire station in Los Angeles County. As long as the baby shows no sign of abuse or neglect, no name or other information is required. In case the parent changes his or her mind at a later date and wants the baby back, staff will use bracelets to help connect them to each other. One bracelet will be placed on the baby, and a matching bracelet will be given to the parent or other surrendering adult.

What if a parent wants the baby back?

Parents who change their minds can begin the process of reclaiming their baby within 14 days. These parents should call the Los Angeles County Department of Children and Family Services at 1-800-540-4000.

Can only a parent bring in the baby?

No. While in most cases a parent will bring in the baby, the Law allows other people to bring in the baby if they have lawful custody.

Does the parent or surrendering adult have to call before bringing in the baby?

No. A parent or surrendering adult can bring in a baby anytime, 24 hours a day, 7 days a week, as long as the parent or surrendering adult surrenders the baby to someone who works at the hospital or fire station.

Does the parent or surrendering adult have to tell anything to the people taking the baby?

No. However, hospital or fire station personnel will ask the surrendering party to fill out a questionnaire designed to gather important medical history information, which is very useful in caring for the baby. The questionnaire includes a stamped return envelope and can be sent in at a later time.

What happens to the baby?

The baby will be examined and given medical treatment. Upon release from the hospital, social workers immediately place the baby in a safe and loving home and begin the adoption process.

What happens to the parent or surrendering adult?

Once the parent or surrendering adult surrenders the baby to hospital or fire station personnel, they may leave at any time.

Why is California doing this?

The purpose of the Safely Surrendered Baby Law is to protect babies from being abandoned, hurt or killed by their parents. You may have heard tragic stories of babies left in dumpsters or public bathrooms. Their parents may have been under severe emotional distress. The mothers may have hidden their pregnancies, fearful of what would happen if their families found out. Because they were afraid and had no one or nowhere to turn for help, they abandoned their babies. Abandoning a baby is illegal and places the baby in extreme danger. Too often, it results in the baby's death. The Safely Surrendered Baby Law prevents this tragedy from ever happening again in California.

A baby's story

Early in the morning on April 9, 2005, a healthy baby boy was safely surrendered to nurses at Harbor-UCLA Medical Center. The woman who brought the baby to the hospital identified herself as the baby's aunt and stated the baby's mother had asked her to bring the baby to the hospital on her behalf. The aunt was given a bracelet with a number matching the anklet placed on the baby; this would provide some identification in the event the mother changed her mind about surrendering the baby and wished to reclaim the baby in the 14-day period allowed by the Law. The aunt was also provided with a medical questionnaire and said she would have the mother complete and mail back in the stamped return envelope provided. The baby was examined by medical staff and pronounced healthy and full-term. He was placed with a loving family that had been approved to adopt him by the Department of Children and Family Services.

Ley de Entrega de Bebés Sin Peligro

¿Qué es la Ley de Entrega de Bebés Sin Peligro?

La Ley de Entrega de Bebés Sin Peligro de California permite la entrega confidencial de un recién nacido por parte de sus padres u otras personas con custodia legal, es decir cualquier persona a quien los padres le hayan dado permiso. Siempre que el bebé tenga tres días (72 horas) de vida o menos, y no haya sufrido abuso ni negligencia, pueden entregar al recién nacido sin temor de ser arrestados o procesados.

Cada recién nacido se merece la oportunidad de tener una vida saludable. Si alguien que usted conoce está pensando en abandonar a un recién nacido, infórmele que tiene otras opciones. Hasta tres días (72 horas) después del nacimiento, se puede entregar un recién nacido al personal de cualquier hospital o cuartel de bomberos del condado de Los Angeles.

¿Cómo funciona?

El padre/madre con dificultades que no pueda o no quiera cuidar de su recién nacido puede entregarlo en forma legal, confidencial y segura dentro de los tres días (72 horas) del nacimiento. El bebé debe ser entregado a un empleado de cualquier hospital o cuartel de bomberos del Condado de Los Angeles. Siempre que el bebé no presente signos de abuso o negligencia, no será necesario suministrar nombres ni información alguna. Si el padre/madre cambia de opinión posteriormente y desea recuperar a su bebé, los trabajadores utilizarán brazaletes para poder vincularlos. El bebé llevará un brazalete y el padre/madre o el adulto que lo entregue recibirá un brazalete igual.

¿Qué pasa si el padre/madre desea recuperar a su bebé?

Los padres que cambien de opinión pueden comenzar el proceso de reclamar a su recién nacido dentro de los 14 días. Estos padres deberán llamar al Departamento de Servicios para Niños y Familias (Department of Children and Family Services) del Condado de Los Angeles al 1-800-540-4000.

¿Sólo los padres podrán llevar al recién nacido?

No. Si bien en la mayoría de los casos son los padres los que llevan al bebé, la ley permite que otras personas lo hagan si tienen custodia legal.

¿Los padres o el adulto que entrega al bebé deben llamar antes de llevar al bebé?

No. El padre/madre o adulto puede llevar al bebé en cualquier momento, las 24 horas del día, los 7 días de la semana, siempre y cuando entreguen a su bebé a un empleado del hospital o cuartel de bomberos.

¿Es necesario que el padre/madre o adulto diga algo a las personas que reciben al bebé?

No. Sin embargo, el personal del hospital o cuartel de bomberos le pedirá a la persona que entregue al bebé que llene un cuestionario con la finalidad de recabar antecedentes médicos importantes, que resultan de gran utilidad para cuidar bien del bebé. El cuestionario incluye un sobre con el sello postal pagado para enviarlo en otro momento.

¿Qué pasará con el bebé?

El bebé será examinado y le brindarán atención médica. Cuando le den el alta del hospital, los trabajadores sociales inmediatamente ubicarán al bebé en un hogar seguro donde estará bien atendido, y se comenzará el proceso de adopción.

¿Qué pasará con el padre/madre o adulto que entregue al bebé?

Una vez que los padres o adulto hayan entregado al bebé al personal del hospital o cuartel de bomberos, pueden irse en cualquier momento.

¿Por qué se está haciendo esto en California?

La finalidad de la Ley de Entrega de Bebés Sin Peligro es proteger a los bebés para que no sean abandonados, lastimados o muertos por sus padres. Usted probablemente haya escuchado historias trágicas sobre bebés abandonados en basureros o en baños públicos. Los padres de esos bebés probablemente hayan estado pasando por dificultades emocionales graves. Las madres pueden haber ocultado su embarazo, por temor a lo que pasaría si sus familias se enteraran. Abandonaron a sus bebés porque tenían miedo y no tenían nadie a quien pedir ayuda. El abandono de un recién nacido es ilegal y pone al bebé en una situación de peligro extremo. Muy a menudo el abandono provoca la muerte del bebé. La Ley de Entrega de Bebés Sin Peligro impide que vuelva a suceder esta tragedia en California.

Historia de un bebé

A la mañana temprano del día 9 de abril de 2005, se entregó un recién nacido saludable a las enfermeras del Harbor-UCLA Medical Center. La mujer que llevó el recién nacido al hospital se dio a conocer como la tía del bebé, y dijo que la madre le había pedido que llevara al bebé al hospital en su nombre. Le entregaron a la tía un brazalete con un número que coincidía con la pulsera del bebé; esto serviría como identificación en caso de que la madre cambiara de opinión con respecto a la entrega del bebé y decidiera recuperarlo dentro del período de 14 días que permite esta ley. También le dieron a la tía un cuestionario médico, y ella dijo que la madre lo llenaría y lo enviaría de vuelta dentro del sobre con franqueo pagado que le habían dado. El personal médico examinó al bebé y se determinó que estaba saludable y a término. El bebé fue ubicado con una buena familia que ya había sido aprobada para adoptarlo por el Departamento de Servicios para Niños y Familias.

INFORMATION SECURITY REQUIREMENTS

This Exhibit K sets forth information security procedures to be established by Contractor before the effective date of the Agreement and maintained throughout the term of the Agreement. These procedures are in addition to the requirements of the Agreement and any Business Associate Agreement between the parties. They present a minimum standard only. However, it is Contractor's sole obligation to: (i) implement appropriate measures to secure its systems and data, including Personal Information, Protected Health Information and County's Confidential Information, against internal and external threats and risks; and (ii) continuously review and revise those measures to address ongoing threats and risks. Failure to comply with the minimum standards set forth in this Exhibit K (Information Security Requirements) will constitute a material, non-curable breach of the Agreement by Contractor, entitling County, in addition to and cumulative of all other remedies available to it at law, in equity, or under the Agreement, to immediately terminate the Agreement. Unless specifically defined in this Exhibit K, capitalized terms shall have the meanings set forth in the Agreement.

1. SECURITY POLICY

Contractor shall establish and maintain a formal, documented, mandated, company-wide information security program, including security policies, standards and procedures (collectively "**Information Security Policy**"). The Information Security Policy will be communicated to all Contractor personnel in a relevant, accessible, and understandable form and will be regularly reviewed and evaluated to ensure its operational effectiveness, compliance with all applicable laws and regulations, and to address new threats and risks.

2. PERSONNEL AND CONTRACTOR PROTECTIONS

Contractor shall screen and conduct background checks on all Contractor personnel contacting County's Confidential Information, including Personally Identifiable Information and Protected Health Information, for potential security risks and require all employees and contractors to sign an appropriate written confidentiality/non-disclosure agreement. All agreements with third parties involving access to Contractor's systems and data, including all outsourcing arrangements and maintenance and support agreements (including facilities maintenance), shall specifically address security risks, controls, and procedures for information systems. Contractor shall supply each of its Contractor personnel with appropriate, ongoing training regarding information security procedures, risks, and threats. Contractor shall have an established set of procedures to ensure Contractor personnel promptly report actual and/or suspected breaches of security.

3. REMOVABLE MEDIA

Except in the context of Contractor's routine back-ups or as otherwise specifically authorized by County in writing, Contractor shall institute strict security controls, including encryption of Removable Media (as defined below), to prevent transfer of Personally Identifiable Information and Protected Health Information to any form of Removable Media. For purposes of this Exhibit K, "**Removable Media**" means portable or removable hard disks, floppy disks, USB memory drives, zip disks, optical disks, CDs, DVDs, digital film, digital cameras, memory cards (e.g., Secure Digital (SD), Memory Sticks (MS), CompactFlash (CF), SmartMedia (SM), MultiMediaCard (MMC), and xD-Picture Card (xD)), magnetic tape, and all other removable data storage media.

4. STORAGE, TRANSMISSION AND DESTRUCTION OF PROTECTED HEALTH INFORMATION

All Protected Health Information shall be rendered unusable, unreadable, or indecipherable to unauthorized individuals in accordance with HIPAA, as amended and supplemented by the HITECH Act. Without limiting the generality of the foregoing, Contractor will encrypt all workstations and portable devices (e.g., mobile, wearables, tablets, thumb drives, external hard drives) that store County's Confidential Information (including Protected Health Information) in accordance with Federal Information Processing Standard (FIPS) 140-2. Contractor will encrypt County's Confidential Information transmitted on networks outside of Contractor's control with Secure Socket Layer (SSL or TLS), at a minimum, cipher strength of 128 bit. If County's Confidential Information is no longer required to be retained by Contractor under the Agreement and applicable law, Contractor shall destroy such information by: (a) shredding or otherwise destroying paper, film, or other hard copy media so that the information cannot be read or otherwise cannot be reconstructed; and (b) clearing, purging, or destroying electronic media containing Protected Health Information consistent with NIST Special Publication 800-88, Guidelines for Media Sanitization such that the Protected Health Information cannot be retrieved. Contractor will not store County's Confidential Information (including Protected Health Information) in the cloud or in any other online storage provider.

All mobile devices storing County's Confidential Information (including Protected Health Information) will be managed by a Mobile Device Management system. All workstations/PC's will maintain the latest security patches, and have the latest virus definitions. Virus scans should be run daily and logged.

5. DATA CONTROL; MEDIA DISPOSAL AND SERVICING

Subject to and without limiting the requirements under Section 4 (Storage, Transmission and Destruction of Protected Health Information), Personally Identifiable Information, Protected Health Information, and County's Confidential Information: (i) may only be made available and accessible to those parties explicitly authorized under the Agreement or otherwise expressly approved by County in writing; (ii) if transferred across the Internet, any wireless network (e.g., cellular, 802.11x, or similar technology), or other public or shared networks, must be protected using appropriate encryption technology as designated or Approved by County in writing; and (iii) if transferred using Removable Media (as defined above) must be sent via a bonded courier or protected using encryption technology designated by Contractor and approved by County in writing. The foregoing requirements shall apply to back-up data stored by Contractor at off-site facilities. In the event any hardware, storage media, or Removable Media must be disposed of or sent off-site for servicing, Contractor shall ensure all County's Confidential Information, including Personally Identifiable Information and Protected Health Information, has been cleared, purged, or scrubbed from such hardware and/or media using industry best practices (e.g., NIST Special Publication 800-88, Guidelines for Media Sanitization).

6. HARDWARE RETURN

Upon termination or expiration of the Agreement or at any time upon County's request, Contractor shall return all hardware, if any, provided by County containing Personally Identifiable Information, Protected Health Information, or County's Confidential Information to County. The Personally Identifiable Information, Protected Health Information, and County's Confidential Information shall not be removed or altered in any way. The hardware should be physically sealed and returned via a bonded courier or as otherwise directed by County. In the event the hardware containing County's Confidential Information or Personally Identifiable Information is owned by Contractor or a third party, a notarized statement, detailing the destruction method used and the data sets involved, the date of destruction, and the company or individual who performed the destruction will be sent to a designated County security representative within fifteen (15) days of termination or expiration of the Agreement or at any time upon County's request. Contractor's destruction or erasure of Personal Information and Protected Health Information pursuant to this Section shall be in compliance with industry Best Practices (e.g., NIST Special Publication 800-88, Guidelines for Media Sanitization).

7. PHYSICAL AND ENVIRONMENTAL SECURITY

Contractor facilities that process Personally Identifiable Information, Protected Health Information, or County's Confidential Information will be housed in secure areas and protected by perimeter security such as barrier access controls (e.g., the use of guards and entry badges) that provide a physically secure environment from unauthorized access, damage, and interference.

8. COMMUNICATIONS AND OPERATIONAL MANAGEMENT

Contractor shall: (i) monitor and manage all of its information processing facilities, including, without limitation, implementing operational procedures, change management and incident response procedures; and (ii) deploy adequate anti-viral software and adequate back-up facilities to ensure essential business information can be promptly recovered in the event of a disaster or media failure; and (iii) ensure its operating procedures will be adequately documented and designed to protect information, computer media, and data from theft and unauthorized access.

9. ACCESS CONTROL

Contractor shall implement formal procedures to control access to its systems, services, and data, including, but not limited to, user account management procedures and the following controls:

- a. Network access to both internal and external networked services shall be controlled, including, but not limited to, the use of properly configured firewalls;
- b. Operating systems will be used to enforce access controls to computer resources including, but not limited to, authentication, authorization, and event logging;
- c. Applications will include access control to limit user access to information and application system functions; and

- d. All systems will be monitored to detect deviation from access control policies and identify suspicious activity. Contractor shall record, review and act upon all events in accordance with incident response policies set forth below.

10. SECURITY INCIDENT

A "Security Incident" shall mean the attempted or successful unauthorized access, use, disclosure, modification or interference with system operations in an information system, as such term is defined in 45 C.F.R. § 164.304.

- a. Contractor will promptly notify (but in no event more than twenty-four (24) hours after the detection of a Security Incident) the designated County security contact by telephone and subsequently via written letter of any potential or actual security attacks or Security Incidents.
- b. The notice shall include the approximate date and time of the occurrence and a summary of the relevant facts, including a description of measures being taken to address the occurrence. A Security Incident includes instances in which internal personnel access systems in excess of their user rights or use the systems inappropriately.
- c. Contractor will provide a monthly report of all Security Incidents noting the actions taken. This will be provided via a written letter to the County security representative on or before the first (1st) week of each calendar month. County or its third party designee may, but is not obligated, perform audits and security tests of Contractor's environment that may include, but are not limited to, interviews of relevant personnel, review of documentation, or technical inspection of systems, as they relate to the receipt, maintenance, use, retention, and authorized destruction of Personally Identifiable Information, Protected Health Information, and County's Confidential Information.
- d. County reserves the right to view, upon request, summary results (i.e., the number of high, medium and low vulnerabilities) and related corrective action schedule for which Contractor has undertaken on its behalf to assess Contractor's own network security. If requested, copies of these summary results and corrective action schedule will be sent to the County security contact.

11. CONTRACTOR SELF AUDIT

Contractor will provide to County a summary of: (1) the results of any security audits, security reviews, or other relevant audits listed below, conducted by Contractor or a third party; and (2) the corrective actions or modifications, if any, Contractor will implement in response to such audits.

Relevant audits conducted by Contractor as of the Effective Date include:

 - (iii) **Supplier Audit** – Quality audit conducted by qualified Contractor Personnel (or contracted designee) of product and service suppliers contracted by Contractor for internal or Contractor client use.
 - (iv) **Detailed findings** – are not published externally, but a summary of the report findings, and corrective actions, if any, will be made available to County as provided above and the ISO certificate is published on Buck Consultants LLC.
- b. SSAE-16 (formerly known as SAS -70 II) – As to the Hosting Services only:
 - (i) Audit spans a full twelve (12) months of operation and is produced annually.
 - (ii) The resulting detailed report is available to County.
 - (iii) Detailed findings are not published externally, but a summary of the report findings, and corrective actions, if any, will be made available to County as provided above.

12. SECURITY AUDITS

In addition to the audits described in Section 11 (Contractor Self Audit), during the term of this Contract, County or its third party designee may annually, or more frequently as agreed in writing by the parties,

request a security audit of Contractor's data center and systems. The audit will take place at a time mutually agreed to by the parties, but in no event on a date more than ninety (90) days from the date of the request by County. County's request for security audit will specify the areas (e.g., Administrative, Physical and Technical) that are subject to the audit and may include but not limited to physical controls inspection, process reviews, policy reviews evidence of external and internal vulnerability scans, penetration tests results, evidence of code reviews, and evidence of system configuration and audit log reviews. County shall pay for all third party costs associated with the audit. It is understood that summary data of the results may be filtered to remove the specific information of other Contractor customers such as IP address, server names, etc.. Contractor shall cooperate with County in the development of the scope and methodology for the audit, and the timing and implementation of the audit. Any of the County's regulators shall have the same right upon request, to request an audit as described above. Contractor agrees to comply with all reasonable recommendations that result from such inspections, tests, and audits within reasonable timeframes.

13. CONFIDENTIALITY

- a. **Confidential Information.** Contractor agrees that all information supplied by its affiliates and agents to the County including, without limitation, (a) any information relating to County's customers, patients, business partners, or personnel; (b) Personally Identifiable Information (as defined below); and (c) any Protected Health Information under The Health Insurance Portability and Accountability Act of 1996 (HIPAA) and The Health Information Technology for Economic and Public Health Act (HITECH), will be deemed confidential and proprietary to the County, regardless of whether such information was disclosed intentionally or unintentionally or marked as "confidential" or "proprietary" ("Confidential Information"). To be deemed "Confidential Information", trade secrets and mask works must be plainly and prominently marked with restrictive legends.
- b. **County Data.** All of County's Confidential Information, data, records and information of County to which Contractor has access, or otherwise provided to Contractor under this Agreement ("County Data"), shall be and remain the property of County and County shall retain exclusive rights and ownership thereto. The County Data shall not be used by Contractor for any purpose other than as required under this Agreement, nor shall such data or any part of such data be disclosed, sold, assigned, leased or otherwise disposed of to third parties by Contractor or commercially exploited or otherwise used by or on behalf of Contractor, its officers, directors, employees, or agents.
- c. **Non-Exclusive Equitable Remedy.** Contractor acknowledges and agrees that due to the unique nature of Confidential Information there can be no adequate remedy at law for any breach of its obligations hereunder, that any such breach or threatened breach may result in irreparable harm to County, and therefore, that upon any such breach or any threat thereof, County will be entitled to appropriate equitable remedies, and may seek injunctive relief from a court of competent jurisdiction without the necessity of proving actual loss, in addition to whatever remedies either of them might have at law or equity. Any breach of this Section 13 (Confidentiality) shall constitute a material breach of this Agreement and be grounds for immediate termination of this Agreement in the exclusive discretion of the County.
- d. **Personally Identifiable Information.** "Personally Identifiable Information" shall mean any information that identifies a person, including, but not limited to, name, address, email address, passwords, account numbers, social security numbers, credit card information, personal financial or healthcare information, personal preferences, demographic data, marketing data, credit data, or any other identification data. For the avoidance of doubt, Personally Identifiable Information shall include, but not be limited to, all "nonpublic personal information," as defined under the Gramm-Leach-Bliley Act (15 United States Code ("U.S.C.") §6801 et seq.), Protected Health Information, and "Personally Identifiable Information" as that term is defined in EU Data Protection Directive (Directive 95/46/EEC) on the protection of individuals with regard to processing of personal data and the free movement of such data.
 - i. **Personally Identifiable Information.** In connection with this Agreement and performance of the services, Contractor may be provided or obtain, from County or otherwise, Personally Identifiable Information pertaining to County's current and prospective personnel, directors and officers, agents, investors, patients, and customers and may need to process such

Personally Identifiable Information and/or transfer it, all subject to the restrictions set forth in this Agreement and otherwise in compliance with all applicable foreign and domestic laws and regulations for the sole purpose of performing the services.

- ii. **Treatment of Personally Identifiable Information.** Without limiting any other warranty or obligations specified in this Agreement, and in particular the Confidentiality provisions of the Agreement, during the term of this Agreement and thereafter in perpetuity, Contractor will not gather, store, log, archive, use, or otherwise retain any Personally Identifiable Information in any manner and will not disclose, distribute, sell, share, rent, or otherwise retain any Personally Identifiable Information to any third party, except as expressly required to perform its obligations in this Agreement or as Contractor may be expressly directed in advance in writing by County. Contractor represents and warrants that Contractor will use and process Personally Identifiable Information only in compliance with (a) this Agreement, (b) County's then current privacy policy, and (c) all applicable local, state, and federal laws and regulations (including, but not limited to, current and future laws and regulations relating to spamming, privacy, confidentiality, data security, and consumer protection).
- iii. **Retention of Personally Identifiable Information.** Contractor will not retain any Personally Identifiable Information for any period longer than necessary for Contractor to fulfill its obligations under this Agreement. As soon as Contractor no longer needs to retain such Personally Identifiable Information in order to perform its duties under this Agreement, Contractor will promptly return or destroy or erase all originals and copies of such Personally Identifiable Information.
- e. **Return of Confidential Information.** On County's written request or upon expiration or termination of this Agreement for any reason, Contractor will promptly: (a) return or destroy, at County's option, all originals and copies of all documents and materials it has received containing County's Confidential Information; (b) if return or destruction is not permissible under applicable law, continue to protect such information in accordance with the terms of this Agreement; and (c) deliver or destroy, at County's option, all originals and copies of all summaries, records, descriptions, modifications, negatives, drawings, adoptions and other documents or materials, whether in writing or in machine-readable form, prepared by Contractor, prepared under its direction, or at its request, from the documents and materials referred to in Subsection 13(a), and provide a notarized written statement to County certifying that all documents and materials referred to in Subsections 13(a) and (b) have been delivered to County or destroyed, as requested by County. On termination or expiration of this Agreement, County shall return or destroy all Contractor's Confidential Information (excluding items licensed to County hereunder or that are required for use of the Deliverables and/or the Licensed Software), at Contractor's option.
